LE MARCHE EXPLORER

Ballooning

BALLOONING

Fly over the breathtaking landscapes of Le Marche

While flying over the Marchigiani landscape you will get to experience the rolling hills, the Sibillini mountains, the beautiful sea, and the historic villages! Flying over Le Marche in a hot air balloon is like daydream. There aren't seasons for flying in a hot air balloon so you can fly 12 months of the year. You will take off in the morning at dawn to see the sunrise.

BALLOONING

The ballooning experience consists of: Meeting at the take-off point, pilot briefing with passengers, setting up the balloon and the flight. Once landed, we will be happy to offer you breakfast or an aperitif with typical products to toast and celebrate together.

The price of the balloon ride also includes: balloon flight of about an hour, passenger insurance, assistance of ground staff, baptism of the flight with remembrance parchment, snack with typical products.

General information

The take-off point is Ripe San Ginesio (Macerata). However it is also possible to take off from other points, for example near your holiday accommodation. Our staff will inspect the area to assess its suitability. We remind you that the balloon flight must always consider the weather conditions. It will be the pilot's concern to make all the assessments.

Flight duration: approximately 1 hour
The total duration of the excursion: approximately 3 hours
The price starts from € 199 per person (exclusive couple tour for 2 people, starting from € 790)

Wear casual/sports clothing with comfortable shoes. The temperature in flight is more pleasant than on the ground, so wear clothing suitable for the season in which you are flying. The recommended minimum age is 8 years and at least 120 centimeters in height for children. At least one adult must accopany minors for the whole experience. The balloon flight is not recommended for women in a state of pregnancy or people who have recently undergone significant operations or injuries.
