LE MARCHE EXPLORER

Cooking Course

COOKING COURSE

Learn how to make typical Italian and Marchigiani dishes

Would you like to take a cooking course during your holiday in Le Marche to learn the most delicious Italian and Marchigiani recipes? Well now you can!

After a successful cooking course we organized for guests of Le Marche Explorer in the villa they rented, we agreed with Cristina, a local chef, to also offer it to all our other guest.

COOKING COURSE

Together with Cristina you will put together a menu with typical Italian and Marchigian dishes (starter, main course and dessert). And of course tou will be able to eat it afterwards!

If doing it at your holiday accomodation is not possible, Cristina can also arrange a location where you can learn the tricks of the Italian and Marchigian cuisine together! Or if you want to follow the cooking course with family and/or friends or another family who are staying in the same accomodation, that is of course also possible!

General information

You can contact chef Cristina directly via WhatsApp +39 329 621 6368. You can then discuss with her exactly what you want to learn to cook. Be quick so you won't be disappointed when t's fully booked. Cristina speaks perfect English and will make your holiday in Le Marche even more memorable!

“

Christina’s cooking class was absolutely wonderful. She taught us and our kids (10/14) how to make pasta from scratch and several other dishes and gave us plenty of tips and tricks. She allowed us to film her techniques so we could copy them at home. We had a great time and would definitely recommend booking Christina’s cooking class.

KIM

Today we had a cooking class with chef Christina. It was fantastic. Christina is a sweet and warm woman who told us all about the Italian cuisine and Italian life. The food was authentic. Cooking by feeling, tasting in between and adjusting the recipe. She came to our holiday apartment. We made a quick parmigiano with melanzane, fresh ravioli with ricotta and lemon, and tiramisu. Our 14-year-old son was also allowed to cook and make fresh pasta himself. He loved it. We were very happy with this experience and recommend it to everyone!
